

## Cut your long distance costs now!

TelecommsPlus is about saving you money on your long distance calls, enhancing your overall telephone experience and giving you the best service.

For our long distance, we use the Internet and a series of smart boxes to bring you the best call quality at the lowest price. Our most popular device: the MiniMax, an amazing product for lowering long distance costs. Opt for Pay As You Go or a monthly plan.

We offer options for home or business; stand-alone phones and PBX solutions. In fact, we can outfit your business (or home) with a state-of-the-art PBX, complete with our long distance solution and save you even more money.

Our PBX package - Phoneworx - is a fraction of the cost of what you would ordinarily pay elsewhere for the equivalent functionality.

Also available:
